

EXPECT THE UNEXPECTED

...WITH A PROTECTOR SUNVISOR SYSTEM

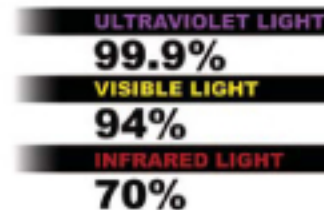

Rosen Sunvisor Systems is the manufacturer of Protector, the first multipositioning see-through sunvisor for the recreational vehicle industry. Protector improves the safety and appearance of any RV and is a standard of quality for the discerning RV owner.

- Increases visibility by reducing glare in any weather conditions
- Improves driver safety and comfort
- Reduces harmful UV light and radiant heat
- Fully adjustable articulating arm can be positioned anywhere in the driver's field of vision
- Durable black anodized aluminium construction
- Easy-to-follow installation instructions

VISION ENHANCEMENT

Protector's lightweight lens shields your eyes against harmful and distracting light.

VERSATILE INSTALLATION

You can mount Protector in a variety of configurations. The system attaches to your RV based on your needs and can then be adjusted to provide coverage anywhere in the driver's field of vision, including over the side window.

3-YEAR WARRANTY

Protector is designed to give you years of safe and comfortable driving, and is backed by a 3-year limited warranty.
